

Main Street RFP Questions

Q:

1. Section III Experience and References

Is the reference to water treatment process and evaluations applicable to this RFP?

“The intent of this section is to obtain information about three to five similar projects the firm and project manager have completed within the past 5 years that will illustrate the firm’s ability to perform services required for this project. The projects referenced should be directly related to water treatment processes and evaluations....”

2. Should we include a small contingency budget for very limited Architecture services in our scope in the event we’ll need an architect later?

A:

1. The sentence regarding water treatment processes and evaluations should be deleted.
2. The RFP says architectural services on a limited basis. Possibly for kiosks, or other possible architectural elements.
