

Park City Municipal Corporation (PCMC) requests proposals from qualified consultant firms for the design and construction management of the Stoneridge Trail and Trailhead Project. Project components include design and engineering and construction management of a recreational trailhead and approximately 10,000 linear feet of 10' wide multi-use soft surface trail.

The deadline for receipt of the proposal submittal is 4:00pm MST **April 17, 2014**. For a complete Request for Proposal, please email:
