

ADULT HOCKEY CAMP

Park City Ice Arena

July 9-12, 2015

No Limit Hockey camps are designed for adult recreational players and teams. We have taken the best elements of a tournament and combined that with an instructional clinic to give each player the best possible learning experience. You will be able to practice new skills and apply them directly into games, immediately.

Players are divided into teams (unless players sign up together as a team). Two professional coaches are assigned to each team. Coaches will run team practices and will run lines and instruct players from the bench during games. Players will have the opportunity to review games with coaches to make any corrections or adjustments to game strategies for next game.

Off ice, campers will be able to relax and make new friends during after hours activities in some of the best locations imaginable.
