

# Scan Feature

Enhanced bus stop signs have been installed at every bus stop in our transit system. Each bus stop has a unique QR code that contains information specific to the stop. Simply scan the QR code to view next bus departure times of all routes servicing that bus stop.

- Download a QR Reader on a smartphone or mobile device with a camera
- Scan QR code with your mobile device
- View Next 3 Departure times of Buses servicing that stop

## Quick Response Codes (QR Codes)

A QR Code is machine-readable optical label that contains information about the item to which it is attached. The QR Code system has become popular due to its fast readability and storage capacity. Users with a camera phone or other mobile device equipped with the correct reader application can scan the image of the QR code to display text, contact information, connect to a wireless network, or open a web page in the telephone's browser.
