

**LOWELL AVENUE RE-CONSTRUCTION
DESIGN AND CONSTRUCTION MANAGEMENT
PARK CITY, UTAH**

Park City is soliciting Statements of Qualifications/Proposals from Professional Consulting Engineering Firms to provide consulting services for Park City for the Lowell Avenue Re-Construction Design and Construction Management Project. Lowell Avenue is a residential street in Park City. The project is part of the Old Town Infrastructure Study (OTIS) and will include design and construction services for improvements within the general area of Lowell Avenue. Proposed improvements generally consist of the upgrade of existing water main, installation of hydrants, new water services and/or meters as required, new sanitary sewer, new paved roads, modifications to the storm drain system, evaluation for the potential for sidewalk and coordination with dry utility companies, evaluation of traffic and regulatory signs, and street lighting. The Request for Qualifications will be available beginning at 2:00PM, July 27, 2015. Please contact Jennifer Byrd, Park City Municipal Corporation, City Engineer's Office via e-mail at jbyrd@parkcity.org to request a proposal. Proposals will be due by 4:00PM, August 13, 2015. Park City reserves the right to reject any or all proposals and to waive any minor irregularities in any proposal.
