2011 PARK CITY COMMUNITY CLEAN UP SET FOR MAY 20 - MAY 24th

Park City, Utah – May 9, 2011

The annual Park City Spring Clean Up begins on Friday, May 20 and continues through Tuesday, May 24. City Operations Manager Pace Erickson urges residents to “*take a moment and consider whether an item could be reused or recycled before tossing it in the dumpster.*”

Park City Public Works Department will have dumpsters throughout town for residential use. The City-sponsored dumpsters are marked with red and white banners. Residents are reminded to use only City-designated dumpsters and to place all items inside the dumpster. No contractor waste or hazardous water is permitted.

Community Clean-Up Dumpster Locations

- Creekside Park behind the Fire Station on Holiday Ranch Loop Road
- Meadows Drive by concrete wall across from Park Meadows Golf Clubhouse
- Rotary Park
- Prospector Park
- Prospector Avenue parking lot
- Deer Valley parking lot
- West side of the skateboard park in City Park
- Sandridge parking lot

Due to construction activity there is not a dumpster at the Public Works building or the Racquet Club.

For more information about the Park City Spring Clean-Up, contact Pace Erickson, at 435-615-5311.
