

June 21, 2017

Greetings neighbors and merchants of the Brew Pub Plaza Area,

As you know, Park City Municipal is in the design stage for the Park City (Brew Pub) Plaza. The topic is coming back to the Park City Council meeting Thursday, June 29<sup>th</sup> during work session between 4-6 pm. See specific time after [agenda](#) is published Monday afternoon, June 26.

During the work session, Council and staff will revisit and prioritize the goals of the neighborhood and the goals of the commercial district to see how the two can be dovetailed with regard to the plaza, the proposed road between Main Street and Swede Alley along the south side of the Wasatch Brew Pub, and the budget for the project.

We would like to have robust representation from both the area business owners as well as the residents of the area.

Since the Brew Pub Plaza planning process will likely return to Council more frequently in the next stages, we hope to round out our email list to keep you notified of meetings and evolving plans.

If you are receiving this message under your door mat or via USPS mail and would like to be involved and kept notified PLEASE email me at [lynn.ware-peek@parkcity.org](mailto:lynn.ware-peek@parkcity.org). Or call me at 435.615.5206.

Many of you have spoken directly with Economic Development Director Jonathan Weidenhamer. We work together and he continues to run point on this project; I am helping him with outreach. For those of you I haven't met, I am the new(ish) Community Engagement Liaison.

I look forward to meeting you.

Best regards,

Lynn
