[Park City Municipal Code 4A regarding Special Events](#)

In September of 2016, Council gave staff the direction to ‘take the foot off the gas pedal’ with regards to Special Events. The goals of doing so included:

- Reduce event impacts on residential neighborhoods;
- Create a tool for evaluating and prioritizing events;
- Increase community participation in event debriefing; and

- Efficiently utilize City Resources

Staff worked on multiple items including increasing mitigation at events specifically around transportation, sustainability, community outreach and engagement, and streamlined/increased efficiencies in the Fee Reduction process among others.

In September of 2017 at the SEAC Study Session, council agreed with SEAC's proposed goals – which include identifying and conveying community perspective of events, creating a statistically relevant community survey regarding events, and continue event debrief. Additionally, Council discussed that SEAC should focus on gaining resident feedback from the City (84060) and measure comfortable carrying capacity with broad residential community perspective. Council asked for SEAC to make a recommendation if events should be planned year round – including in the quieter seasons. Council also discussed that events should be focused on having meaning/fit in the community. The discussion also mentioned that impacts had been minimized over the past season and it would be interesting to see if attendance to events had declined.
