PROJECT DETAILS

Crews have installed water lines in Snow Creek Drive third week of June. Crews are also replacing curb and sidewalk along Kearns Blvd, sidewalk closures will remain until concrete is poured and cured. All sidewalk closures will be on the South side of Kearns Blvd, none on the North.

Crews are boring a section of the two water lines beneath Hwy 224 ,began on the week of June 21. No traffic impacts are expected, but some shoulder closures and entries into Squatters and Hotel Park City will be Impacted. Crews will install the remainder of the pipe on Park Avenue following the boring completion.
