

BACKHOE REPORT: JULY 2021

PAVEMENT MANAGEMENT PROJECT

Municipal Project
In progress

CONSTRUCTION DATES

July 2021.

PROJECT DETAILS

Rotomilling: Removing asphalt from the existing pavement to a desired depth. (Typically 1-4 inches)

Asphalt Overlay: Asphalt laid and compacted, creating a new road surface.

Utility Adjustments: Raise manholes, water valves, gas valves, and monument markers to the same grade as the new pavement surface after an overlay.
