SCOPE OF SERVICES

An Interim Site Activation Programmer (Programmer) to develop community-focused artistic and cultural programming at the future Arts and Culture District property (Property) from July 2021 through May 2022. Total compensation is not to exceed \$24,500.00. The City will provide a separate operations budget to support programming as discussed below.

Project Description

The 5.25 acre Property is the future home of the Park City Arts and Culture District (District) and consists of former building pads, grassy areas, two striped parking lots, and a mix of graveled and paved surfaces. It is a gritty light-industrial high-profile site that the City wishes to activate in the run up to the start of District construction in 2022. The City envisions the Property as:

- A welcoming space that entices people to stop and experience artists' work;
- An outdoor gathering place to have a bite to eat or something to drink;
- A crossroads where residents can safely and easily pass through on foot or on bike when transiting around town; and
- A destination where the community can spend time together during planned events and activities.

Duties and Expectations

As directed by City staff, the Programmer is responsible for producing a range of artistic and creative installations and activities at the Property including passive visual arts, educational experiences, audiovisual performances, and any other kind of creative works appropriate to the site and the Park City community. A vital function of this job is to align short-term programming opportunities with goals of the proposed Arts and Culture District (District). This can be accomplished by incorporating local artists, makers, non-profits, and businesses to celebrate local culture and the greater Park City arts community.

The primary focus of activations should be smaller-scale community activities and installations that target residents from the greater Park City area. Activations should be inviting, affordable, and appropriate for all abilities.

The Programmer will:

- Work closely with the Interim Site Activation Manager (Site Manager);
- Produce unmanaged activities, such as life-size board games, musical instruments, and play areas;
- Produce managed activities, such as an Art or Food Battles;

Park City Municipal Corporation Service Provider Agreement/Minor

- Program live arts performances, including but not limited to small music, dance, theater, film, or spoken word;
- Facilitate visual and/or multimedia arts installations; and
- Develop a community information & services opportunity at the Property that provides residents and visitors with a way to understand and connect to Park City's local arts and culture.

The City anticipates that the Programmer will work an average of 20 to 30 hours a week, produce an average of 2-3 managed activities and/or live performances per week along with 10-20 unmanaged activities and art installations over the duration of the interim activation.

Permitted Special Events, such as Arts Festival, Sundance Film Festival, etc., are under the authority of the City Council and Special Events Department.
