CULTURE

- To support all critical priorities of Park City and serve as city ambassadors by engaging and building relationships with the community of residents, visitors, and business owners--via an approachable, fair, and education-first customer service approach.
- Customer Service; resolve issues through communication first, use ticket as last resort.
- Interactive and approachable community ambassadors and team leaders.
- Relevant field and employee support from the top down to ensure timely resolution
- Shift daily operations to assist with community priorities
- Provide consistent patrol coverage to ensure visitor and community compliance
- Flexible schedule and work / life balance for staff

THE TEAM!

Believe it or not, the parking staff are actually super friendly! From rounding up rambunctious contractors, cleaning up graffiti and trash in town, to reuniting lost dogs to their owners, Parking Staff are always ready to jump in and help wherever they can!

OPERATIONS

PARKING OPS

- We manage 53 meters, over 1200 Old Town Parking stalls, and serve Park City's community 365 days a year!
- 10 staff members spanning PW Front Office ops, field officers, maintenance coordinators, and admin.
- We enforce 365 days a year, including major holidays, events, evenings and weekends.
- Residential permitting and enforcement for all of Old Town core
- DLS, Sundance, peak traffic mitigation and other event management dynamics.
- Enterprise fund – 2.4M annually – funds cover ops and capital projects. Long range goal of parking improvement district and supporting transportation projects.

PROCESS

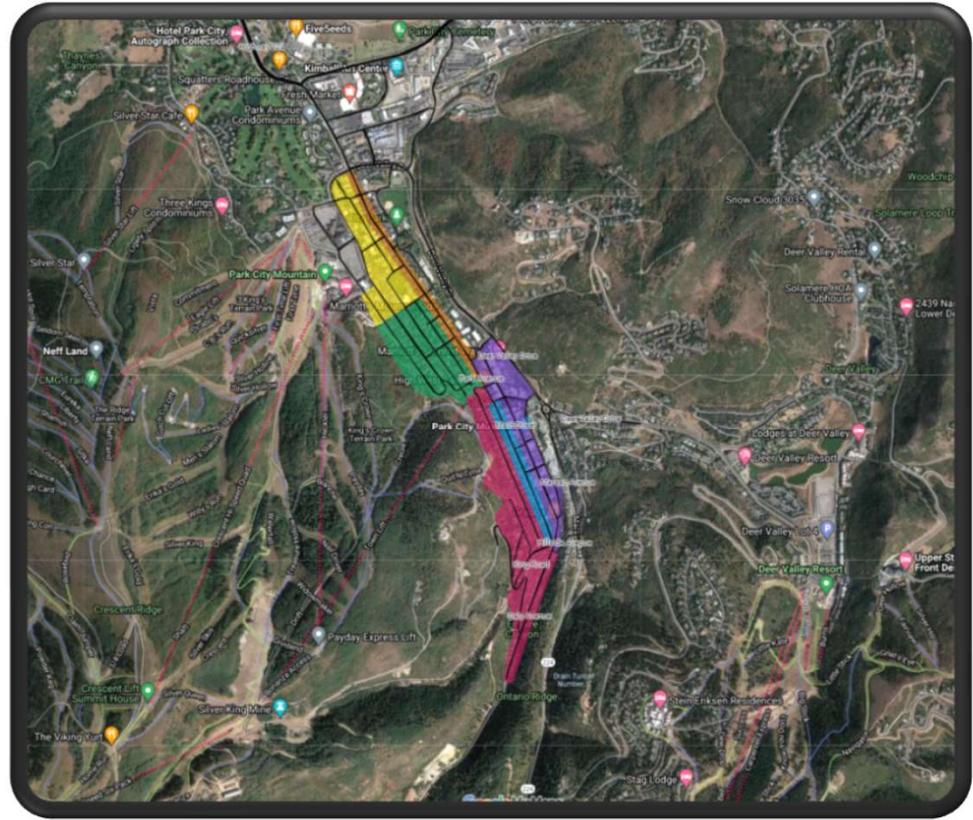

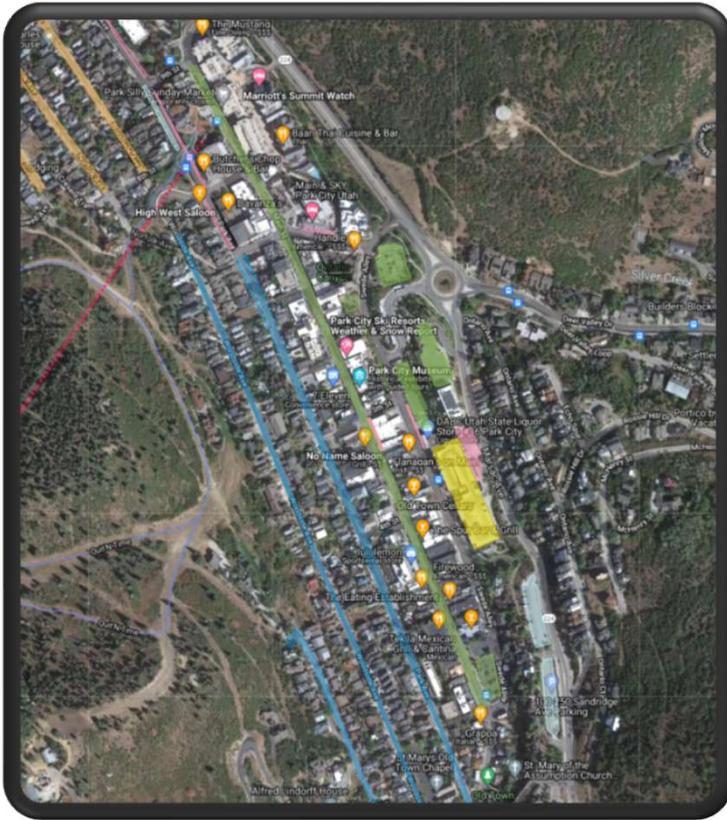

- Virtual Permitting – license plate is the displayed permit and associated in a cloud-based database record.
- License plate recognition cameras (LPR) mounted to patrol vehicles are used to identify license plates for permit info, ticket history, and field notes. Cutting edge character recognition technology.
- Handheld phones and printers to write tickets and reference real-time payment processing, permit holder info, or vehicles of interest.
- “Meter Phone” is used to take customer questions and concerns in field – This is a publicly advertised phone number and is monitored by our on-duty enforcement officer.
- First time violation or “warning ticket”, conversation/problem solving approach – goal is to solve issues and change behavior; not punish, unless there are egregious or repeat violations.

PROCESS

- Boots/Impounds/after hours payments & coverage- PCPD handles towing
- Maintenance Coordinator handles parking equipment and hardware upkeep, street signage, lot striping, assists with cash collections.
- Front Counter – Main point of contact for Public Works, permit sales, transit/water/streets inquiries, payment processing
- Appeals process – protects customers from erroneous tickets and assists in our effort to correct and change behavior to benefit the community. - example
- Permit Sales and management
- Shared Enforcement with PCPD
- We use SLACK, Teams, and other communication programs to provide real-time field service and support.
- Transparency and stakeholder feedback to ensure real-world problems are being addressed in conjunction with appropriate departments – HPCA, NTMP. Etc.

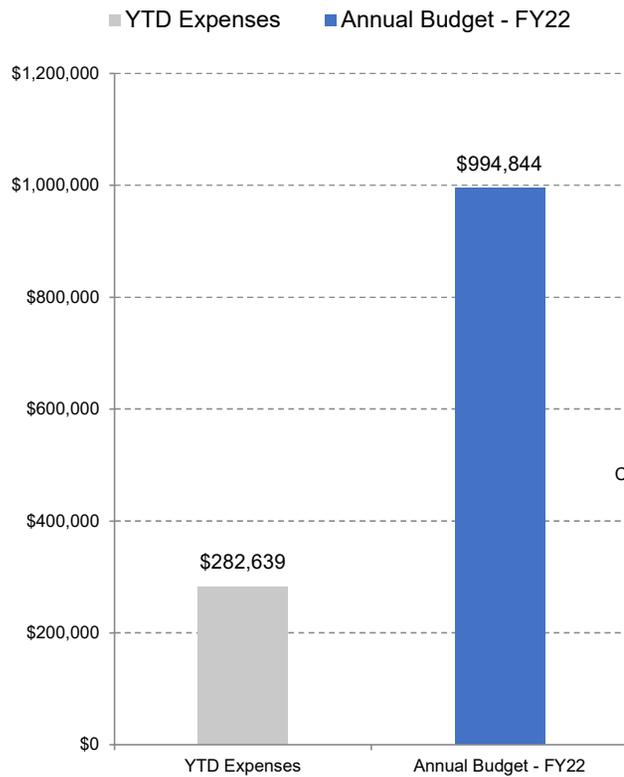

AREAS

- General Management and Enforcement Areas
