

## **Ordinance No. 2022-47**

AN ORDINANCE AMENDING THE ANNEXATION AND ZONING [ORDINANCE NO. 2012-12](#), FOR APPROXIMATELY 20.46 ACRES OF PROPERTY LOCATED AT 3981 KEARNS BOULEVARD, IN THE QUINN'S JUNCTION AREA, KNOWN AS THE PARK CITY FILM STUDIOS FIRST AMENDED SUBDIVISION LOT 1B, PARK CITY, UTAH. THE SITE WAS PREVIOUSLY ZONED COMMUNITY TRANSITION (CT) WITH A REGIONAL COMMERCIAL OVERLAY (RCO) DESIGNATION.

WHEREAS, the property's annexation into Park City was the result of extensive litigation between the original owners and Summit County for the development of the property, which resulted in a settlement that provided Park City with an option to consider the annexation prior to development in the County; and

WHEREAS, as a result, Park City approved a [Settlement Agreement, Annexation Agreement](#), and the Quinn's Junction Partnership Annexation [Master Planned Development \(MPD\)](#) for the purpose of constructing 374,000 square feet of "motion picture studio and media campus" (as stated in the Settlement Agreement); and

WHEREAS, the site is in the [Community Transition](#) (CT) zone, with a [Regional Commercial Overlay](#) (RCO), [Entry Corridor Protection Overlay](#) (ECPO), and [Sensitive Land Overlay](#) (SLO) in addition to the MPD; and

WHEREAS, the existing MPD is limited to a movie studio and media campus, including a 100-room hotel, amphitheater, and associated Commercial Uses and square footage, as outlined in Exhibit C of the [Annexation Agreement](#) and the zoning was adopted at the time of annexation to enable the Film Studio MPD; and

WHEREAS, to date, only Phase 1 of the Film Campus has been constructed, which includes the sound stages, workshop, and production support/offices (Buildings 7, 7A, and 7B on the approved site plan, Exhibit B and included below), associated parking, the main entrance, landscaping, and berming along Kearns Blvd, totaling 91,425 square feet of development Density; and

WHEREAS, currently, there are 282,575 square feet of remaining conditionally approved Density to be built on the property, for Uses and buildings consistent with the Annexation Agreement and MPD; and

WHEREAS, in 2021, while considering a phasing plan amendment to construct the allowed hotel building, the City Council indicated a willingness to entertain further amendments to the Annexation and MPD to produce more community benefits, including affordable housing, for the remaining conditionally approved Density; and

WHEREAS, On February 3, 2022, the applicant received approval to subdivide the original parcel into two (2) legal Lots of record ([Ordinance 2022-06](#)). Lot 1A now consists of 8.622 acres and contains the existing Film Studio Campus. The applicant is

not proposing any changes to this portion of the site and the existing MPD still governs Lot 1A; and

WHEREAS, Lot 1B consists of 20.464 acres and will contain the remaining Density to be developed with commercial and residential Uses. The applicant is seeking to amend the existing Annexation Ordinance and MPD for this portion of the site only; and

WHEREAS, on July 27, 2022, the property was properly noticed and posted, and courtesy letters were sent to surrounding property owners according to the requirements of the Land Management Code; and

WHEREAS, on July 27, 2022, proper legal notice was published according to requirements of the Land Management Code; and

WHEREAS, the Planning Commission held public hearings on August 10, 2022, and October 26, 2022, to receive input on the proposed amendment to the MPD and Zoning and Annexation Ordinance; and

WHEREAS, the Planning Commission, on November 9, 2022, unanimously approved the amendment to the MPD for a mixed-use project with at least 185 affordable rental units on Lot 1B; and

WHEREAS, the Planning Commission, on November 9, 2022, forwarded a positive recommendation to the City Council to amend the Zoning and Annexation Ordinance and for exceptions to the Zone Height; and

WHEREAS, on December 15, 2022, the City Council held a public hearing to receive input on the Zoning and Annexation Ordinance and for exceptions to the Zone Height; and

WHEREAS, it is in the best interest of Park City, Utah to approve an amendment to the Zoning and Annexation Ordinance and exceptions to the Zone Height for Lot 1B only.

NOW, THEREFORE BE IT ORDAINED by the City Council of Park City, Utah as follows:

**SECTION 1. APPROVAL.** The Zoning and Annexation Ordinance 2012-12 as it applies to Lot 1B only, is hereby amended, including for exception to the Zone Height, as shown in Attachment 1, and is approved subject to the following Findings of Facts, Conclusions of Law, and Conditions of Approval:

**Findings of Fact:**

1. The property is located at 3981 Kearns Boulevard.

2. The site is in the [Community Transition](#) (CT) zone, with a [Regional Commercial Overlay](#) (RCO), [Entry Corridor Protection Overlay](#) (ECPO), and [Sensitive Land Overlay](#) (SLO) in addition to the Film Studio MPD.
3. The Park City Film Studios consists of two separate lots. Lot 1A contains the developed portion of the Park City Film Studios, and Lot 1B is currently undeveloped. Both lots are subject to an [Annexation Agreement](#) and the Quinn’s Junction Partnership Annexation Master Planned Development Agreement ([MPD](#)).
4. The applicant submitted applications to amend 1) the [MPD](#), to allow for additional Uses, and to modify the Use, number, footprints, and Building Heights for the remaining Density allocated in the MPD on Lot 1B only; and 2) the Community Transition - Regional Commercial Overlay Zoning and [Ordinance 12-12](#), the annexation and zoning Ordinance. Lot 1A will remain subject to the original Annexation, Zoning, and MPD agreements.
5. The applicant has 282,575 square feet of Density under the existing MPD that has not been constructed. The applicant is proposing to construct a mixed-use project, including 60,000 square feet of Commercial Uses, up to 100 market-rate for-sale units, and at least 185 affordable for-rent units up to 80% AMI, consistent with the Applicant’s Housing Mitigation Plan, approved on December 14, 2022, by the City’s Housing Authority.
6. The applicant submitted:
  - a. Conceptual Site Plans including a Phasing Plan;
  - b. A Parking Analysis;
  - c. A Trip Generation Analysis; and
  - d. A Housing Mitigation Plan.
7. The project requires 42.4 Affordable Unit Equivalents (AUEs) which the applicant is proposing to deliver in Phase 1 in the form of at least 65 deed restricted units, meeting the Project’s Housing Obligation in Phase 1.
8. In addition to the required affordable units, the applicant is proposing at least 120 “additional” affordable units that will be delivered partially in phase 1 (~55 affordable units) and partially in Phase 4 or earlier (~65 affordable units). These additional units may be available to households at up to 120% of AMI, consistent with the Applicant’s Housing Mitigation Plan, approved on December 14, 2022, by the City’s Housing Authority.
9. The proposed bedroom mix and size of the affordable units is as follows:

Affordable Units	Number	Size
Studios	77	400
1 Bedrooms	63	600
2 Bedrooms	30	800
3 Bedrooms	15	1,100
<b>Units</b>	<b>185</b>	

10. Phase 1 consists of the transit stop and bus shelter, the plaza area, and two mixed-use rental buildings totaling 90,000 square feet. Each building is 3-stories with a maximum Building Height of 40 feet, exceeding the zone height of 28 feet. Both buildings contain 15,000 square feet of commercial space on the ground floors and 30,000 square feet of affordable rental housing on the second and third levels. It is anticipated that Phase 1 will include approximately 120 affordable housing units, including and exceeding the applicant's Affordable Housing Requirement with 65 required units and 55 "additional" affordable units. There are no market rate units in Phase 1.
11. Phase 2 consists of two commercial buildings totaling 30,000 square feet. Each building is 1-story with a maximum Building Height of 25 feet, meeting the zone height. Each building contains 15,000 square feet of "community focused, small-scale commercial, retail or restaurant" space. A community plaza area connects the Phase 1 and Phase 2 buildings. No residential units are proposed as part of Phase 2.
12. Phase 3 consists of no more than 50 for-sale market-rate townhomes in five clusters of 10 units totaling 82,000 square feet. Each unit is 2-stories totaling between 1,500 -1,700 square feet with a maximum Building Height of 25 feet, meeting the zone height, and contains 2-3 bedrooms. A garage and access to surface parking are included with each townhome. There are no affordable units proposed for Phase 3.
13. Phase 4 consists of one market-rate building of 60,000 square feet. The building is 3-stories with a maximum Building Height of 40 feet, exceeding the zone height. This building will contain a maximum of 50 for-sale market-rate units and 72 underground parking stalls for residents of the building.
14. The site plan also includes one additional 4-story, for-rent affordable building to be built concurrent to the Phase 4 market-rate building, or earlier. The building has a maximum Building Height of 45 feet, exceeding the zone height and the balance of the "additional" affordable units, ~65 units, will be constructed in this building.
15. Section 4.5 of the existing [MPD](#) expressly states that "Pursuant to the Annexation Agreement, no affordable housing is required for this MPD." However, the recent Subdivision approved by Council on February 3, 2022 ([Ordinance 2022-06](#)), Condition of Approval 8, states "The plat shall note that if Lot 1B is not developed in accordance with the zoning and annexation Ordinance 2012-12, the City's current Affordable Housing Resolution shall apply." The applicant is proposing to meet and exceed the City's affordable housing requirements with this project. It is because the applicant is proposing to construct at least 185 affordable housing units that the Council was willing to conceptually support the proposed project.
16. The site plan for Lot 1B includes 320,632 square feet of total development. However, as affordable units that are required as part of an MPD approval do not count towards the calculated Density, the proposal totals not more than 282,575 square feet, equaling the remaining conditionally approved Density of 282,575 square feet. With the 91,425 square feet of Density built on the Film Studio portion of the site (Lot 1A) the entire project is 374,000 square feet, equal to or less than the 374,000 square feet the site was originally approved for.

17. The Planning Commission approved the amendment to the MPD on November 9, 2022, and unanimously voted to recommend the amendment to the zoning and annexation Ordinance including exceptions to the Zone Height, to the Council for consideration on December 15, 2022.
18. The Planning Commission also voted to recommend the applicants Housing Mitigation Plan to the City's Housing Authority for consideration on December 15, 2022.
19. The applicant has a total Affordable Housing Obligation of 42.4 AUEs or 38,160 square feet. If the project numbers change, the Affordable Housing Obligation must be adjusted accordingly.
20. The applicant will construct all 65 units or 42.4 AUEs (38,160 square feet) of required Affordable Housing in Phase 1, meeting the City's current Affordable Housing Resolution, as follows.

Type	Units	Size
Studios	27	400
1 Bedroom	23	600
2 Bedrooms	10	800
3 Bedrooms	5	1,100
Units	65	
@ 900 SF		<b>42.4 AUEs</b>

21. In addition to meeting the City's Affordable housing Obligation in Phase 1, the applicant will construct at least an "additional" 55 affordable housing units in Phase 1, and 65 more "additional" units as part of Phase 4, for a total of at least 120 "additional" affordable housing Units or 78.8 AUEs as follows:

Type	Units	Size
Studios	50	400
1 Bedroom	40	600
2 Bedrooms	20	800
3 Bedrooms	10	1,100
Units	<b>120</b>	

@ 900 SF		78.8 AUEs
----------	--	-----------

22. All required affordable units, will be rental units available to households at up to 80% AMI, except for 77 studios. At least 27 Studios will be available to households making up to 60% of AMI, and at least 50 Studios will be available to households making up to 70% of AMI broadening the affordability of these units. The rest of the additional units may be available to households at up to 120% of AMI, consistent with the Applicant's Housing Mitigation Plan, approved on December 14, 2022, by the City's Housing Authority.
23. The applicant shall use a geographic waterfall approach in selecting from applicants in the following priority:
- Qualifying applicants employed in the immediate Quinn's Junction neighborhood, including but not limited to employees of IHC Hospital, USSA, the Peace House, Summit County Health Department, Park City Ice Arena, Summit Pediatrics, etc.
  - Qualifying applicants employed within Park City boundaries.
  - Qualifying applicants employed within the Park City School District boundaries.
  - Qualifying applicants employed within Summit County (additional affordable units only).
24. The "additional" 120 affordable units will be available to eligible households at up to 120% of Summit County AMI. However, rental rates charged will be at 80% of AMI, regardless of the AMI of individual households, meeting the City's definition of affordable. All gross rental rates will include any Homeowner Association fees or assessments that may be charged against the units, and this will be a Condition of Approval. Twenty-Seven (27) studio units will be available at 60% AMI and 50 studio units will be available at 70% AMI.
25. Amenities available to residents of the affordable units include a sheltered bus stop, e-bike station and bike fix-it station, community plaza, sports courts, sheltered bike storage, recycling rooms, outdoor dining, electric car charging station, green and dog-friendly space, and an internal pedestrian and bike trail system with connections to the broader Park City trail system.
26. Section 2.5(e) of the [Annexation Agreement](#) specifically discusses Building Height for the existing MPD and allows for Building Height exceptions.
27. The maximum Building Height in the CT zone is 28 feet with additional Height and Setback restrictions for the [ECPO](#). Proposed Building Heights range from 25 feet to 45 feet, with most of the taller buildings located in the center or rear (east side) of the site. One exception to this is the market-rate Multi-Unit Dwelling located adjacent to SR-248, with a maximum Building Height of 40 feet. The proposed townhomes and commercial buildings meet the Zone Building Height requirements at 25 feet in Height, and all buildings are located outside of the EOPC 150-foot Setback requirement.
28. The RCO allows for the City Council to grant Building Height exceptions upon recommendation from the Planning Commission.
29. On November 9, 2022, the Planning Commission found that the proposed Building Height exceptions are consistent with the Film Studio MPD Building Height

Exceptions and meet the standards for review of the CT-RCO zone. The site is located hundreds of feet from the nearest abutters and will not have a visual impact on any existing structures. All buildings meet required Setbacks. The Planning Commission also finds that there is no net increase in the proposed square footage over what is possible under the existing MPD.

30. The site contains no significant slopes, ridgelines, wetlands, or significant wildlife habitat Area according to the City's General Plan Maps
31. MPDs require a minimum of 60% Open Space. However, the existing MPD has no minimum Open Space requirement per the Annexation Agreement. The proposed new site plan increases the amount of Open Space over the previously approved MPD.
32. The Film Studio shall serve as the Commercial anchor for the site in compliance with LMC § [15-2.17-4](#).
33. With respect to Building Height, the Council finds that the proposed Building Height exceptions are consistent with the Film Studio MPD Building Height Exceptions, and meet the standards for review of the CT-RCO zone:
  - a. The site is located hundreds of feet from the nearest abutters and will not have a visual impact on any existing structures, and there will be no loss of solar access, view corridors, or ridge line intrusions (Review Criteria 1 & 2 and MPD Building Height Criteria 2).
  - b. The height exceptions do not result in additional traffic or loss of Open Space as compared to the approved Film Studio MPD (Review Criteria 3 and MPD Building Height Criteria 5).
  - c. The height exceptions are consistent with the approved Film Studio MPD (Review Criteria 4).
  - d. The landscape buffer required by the Film Studio MPD is being carried forward and will mitigate and buffer the buildings from adjacent Uses (Review Criteria 5 and MPD Building Height Criteria 3).
  - e. The application meets or exceeds all Setback requirements (Review Criteria 6 and MPD Building Height Criteria 4).
  - f. The Film Studio MPD has no Open Space requirement, and the applicant is increasing the amount of Open Space with this Amendment (Review Criteria 7).
  - g. Both the Commercial Buildings (Buildings 3 on the Site Plan) and the townhomes have maximum Building Heights of 25 feet, which is lower than the underlying Zone Height of 28 feet (Review Criteria 8 and MPD Building Height Criteria 6).
  - h. The project includes high quality architecture, transit and trail connections, and a significant amount of affordable housing beyond what the LMC requires (Review Criteria 9).
  - i. The amendment to the MPD does not result in a net increase in the allowable square footage or Building volume above Grade over what is possible under the existing MPD (Review Criteria 10 and MPD Building Height Criteria 1).

**Conclusions of Law:**

1. The modification to the 2012 Quinn's Junction Partnership Annexation Master Planned Development Agreement is a substantive modification.
2. The Application complies with the requirements of the Land Management Code as conditioned and approved.
3. The modifications are compatible with surrounding structures in use, scale, mass, and circulation.
4. The effects of any differences in use or scale have been mitigated through careful planning.
5. The modification to the Master Planned Development:
  - a. complies with all requirements of the Land Management Code;
  - b. meets the minimum requirements of Section 15-6-5;
  - c. provides the highest value of Open Space, as determined by the Planning Commission;
  - d. strengthens and enhances the resort character of Park City;
  - e. compliments the natural features on the Site and preserves significant features or vegetation to the extent possible;
  - f. is Compatible in Use, scale, and mass with adjacent Properties, and promotes neighborhood Compatibility, and Historic Compatibility, where appropriate, and protects residential neighborhoods and Uses;
  - g. provides amenities to the community so that there is no net loss of community amenities;
  - h. is consistent with the employee Affordable Housing requirements as adopted by the City Council at the time staff determined the Application to be complete;
  - i. meets the Sensitive Lands requirements of the Land Management Code and is designed to place Development on the most developable land and least visually obtrusive portions of the Site;
  - j. promotes the Use of non-vehicular forms of transportation through design and by providing trail connections;
  - k. was noticed and the Planning Commission held a public hearing in accordance with this Chapter;
  - l. incorporates best planning practices for sustainable development, including water conservation measures and energy efficient design and construction, per the Residential and Commercial Energy and Green Building program and codes adopted by the Park City Building Department in effect at the time of the Application;
  - m. addresses and mitigates Physical Mine Hazards according to accepted City regulations and policies;
  - n. addresses and mitigates Historic Mine Waste and complies with the requirements of the Park City Soils Boundary Ordinance;
  - o. addresses Historic Structures and Sites on the Property, according to accepted City regulations and policies, and any applicable Historic Preservation Plan;
  - p. addresses and mitigates traffic.

**Conditions of Approval:**

1. Lot 1A, 4001 Kearns Boulevard, is subject to the original Film Studio Annexation, Zoning, and MPD agreements.
2. Development of 3891 Kearns Boulevard is contingent upon approval of the Building Heights by the City Council, approval of the applicant's Housing Mitigation Plan by the Park City Housing Authority, and ratification of a Development Agreement by the Planning Commission.
3. The majority of the 60,000 square feet of Commercial Uses in the project shall be limited to smaller-scale community-oriented commercial Uses set forth in the Application and Final Plan Set dated October 26, 2022, and the applicant shall not be required to return to the Planning Commission for a CUP unless noted herein. Any Conditional Use that requires a CUP in the RCO Zoning District and has a parking requirement of 5 stalls per 1,000 square feet or greater, shall require a CUP except for Restaurants, Bars or Child Care Center. A detailed parking analysis shall be submitted at the time of CUP application. Telecom Antennas, Office Intensive, Retail/Service Intensive, and Medical Office/Clinic shall require a CUP.
4. Commercial Uses shall not include Hotels of any kind, any business with a Drive-Up window, or Gasoline Service Station.
5. The project requires 42.4 Affordable Unit Equivalents (AUEs) which the applicant will deliver in the form of at least 65 deed restricted units, meeting the Project's Housing Obligation in Phase 1.
6. In addition to the required affordable units, the applicant is proposing at least 120 "additional" affordable units that will be delivered partially in phase 1 (~55 affordable units) and partially in Phase 4 or earlier (~65 affordable units).
7. The site plan includes one additional 4-story, for-rent affordable building totaling 58,632 square feet, to be built concurrent to the Phase 4 market-rate building, or earlier. The building has a maximum Building Height of 45 feet, and the balance of the "additional" affordable units will be constructed in this building.
8. Certificates of Occupancy for the Phase 4 building affordable units shall be tied to the issuance of Certificates of Occupancy for the market-rate units, so that all affordable units have Certificates of Occupancy prior to the completion of the market rate units.
9. No additional Density shall be built on Lot 1A, and Lot 1B is subject to a maximum Density of 320,632 square feet of total development (including required affordable housing units), consistent with the site plan and final plan set reviewed by the Planning Commission on November 9, 2022.
10. Parking and lighting shall meet requirements of the LMC, except for the parking reduction granted by the Planning Commission as part of the MPD. See LMC § [15-3](#) and § [15-5](#).
11. The secondary access to the site (non-signalized access) must be reviewed and approved by UDOT and the City Engineer prior to building permits and shall be right-in/right-out only.
12. The applicant shall locate a bus stop and bus shelter on site at a location to be reviewed and approved by the City Engineer and High Valley Transit prior to the issuance of a building permit.

13. The applicant shall provide a bike share and bike fix it station on site and the applicant shall be responsible for all costs, including annual operational expenses, maintenance of the stations, infrastructure of bike station, kiosk, additional bikes to maintain service standards, and coordinate with vendor provider on installation and purchasing. The City shall review and approve the final location of the share station and the minimum number of bikes it can accommodate. A land easement to the bike share/County may be required. The applicant shall be responsible for providing electricity, adequate lighting, and access around the station.
14. Bike racks shall be provided for the various commercial uses as required by LMC § [15-3](#).
15. The undulating berm required by the Film Studio MPD shall be constructed and maintained consistent with the original MPD.
16. A Stormwater Management Plan shall be reviewed and approved by the City Engineer prior to the issuance of any building permits.
17. Rooftop mechanical equipment shall be architecturally screened from public view.
18. Trash and recycling enclosures shall be screened with landscaping or fencing.
19. All signage shall comply with the LMC.
20. The applicant shall provide covered bike storage in all residential buildings at a minimum rate of one stall per unit consistent with the City's LMC requirements at the time of building permit.
21. The applicant shall provide recycling facilities in all Multi-Unit Dwellings on site.
22. A final subdivision plan shall be recorded prior to construction of the condominium units.
23. The applicant shall bring Lot 1A into compliance with the originally approved Landscape Plan. Plant substitutions shall be allowed by the Planning Director if other species are deemed more suitable for the site.
24. The applicant shall construct a trail connection from the site to the Park City Rail Trail, upon review and approval of a plan by the City's Open Space Manager. The City will contribute up to \$75,000 for the cost of this connection.
25. The applicant has committed to using water efficient low flow fixtures and Energy Star rated appliances in all units; designing the building envelopes to be energy efficient; using water wise native landscaping; and providing recycling locations throughout the site. The applicant is encouraging multimodal transportation choices by offering alternative modes of transportation on site including locating a bus station, e-bike share, connection to the Rail Trail, and providing covered bike storage in all Multi-Unit Dwellings. In addition, the applicant is reducing their overall parking to prevent excess paving and increase open space. All lighting will meet the City's Dark Sky Ordinance LMC § [15-5-5\(J\)](#).
26. Final utility plans have not been reviewed for approval and must be submitted for review prior to the issuance of any utility or building permits.
27. The Park City Fire District shall review and approve final plans prior to the issuance of any utility or building permits.
28. The Snyderville Basin Water Reclamation District shall review and approve plans prior to the issuance of any utility or building permits. All items required under the Line Extension Agreement must be completed prior to the issuance of any building permits.

- 29. Minor administrative modifications to the site plan shall be allowed by the Planning Director. Any substantive modifications to the site plan such as changes in access, building locations, or Density shall be reviewed by the Planning Commission for consistency with the conceptually approved site plans reviewed on November 9, 2022.
- 30. Prior to the issuance of a building permit the applicant shall submit evidence to the City Engineer and Public Utilities Director in accordance with LMC § 15-7.3-6, Water Facilities, confirming that 1) Summit Water has sufficient water supply for domestic water use and fire protection to service the existing and proposed development; or 2) an alternative water supply with sufficient capacity to serve the existing and proposed development has agreed to service the site. The burden is upon the applicant to submit responsive information regarding LMC 15-7.3-6.
- 31. If any phases of the project are not issued building permits within 6 years of the issuance of the first building permit, the applicant shall be required to return to the Planning Commission to re-permit any remaining density prior to the issuance of building permits to ensure that the remaining development is still in the best interest of the City and immediate neighborhood.
- 32. A Plat Note shall indicate that 3891 Kearns Boulevard, Lot 1B, is subject to Ordinance 2022-47.

**SECTION 2. EFFECTIVE DATE.** This Ordinance shall take effect upon publication.

PASSED AND ADOPTED this 15<sup>th</sup> day of December, 2022.

### 2022 SUMMIT COUNTY 80% AMI RENTS

### MAXIMUM MONTHLY RENT INCLUDING UTILITIES, ASSOCIATION DUES, AND PARKING FEES

NIGHTLY RENTALS WERE ANALYZED IN PROPERTIES IN NEWPARK, WHERE THE DEVELOPMENT TEAM HAS EXPERIENCE. ACTUAL NIGHTLY RENTALS WERE FAR LOWER THAN PERCEIVED ORIGINALLY, AND GIVES GREAT PRECEDENCE TOWARDS A PROJECTED NIGHTLY RENTAL AT STUDIO CROSSINGS MIXED USE PROJECT WITH TOWNHOMES, APARTMENTS, AND CONDOS SIMILAR IN NATURE TO THOSE AT NEWPARK.

# 13.3%

# AMENITY CHILDREN'S PLAYGROUND

Drought tolerant trees on perimeter for shading and reduce heat island effect

Berliner Cubiron L climbing playground product.

Drought tolerant flowers and bushes on low perimeter for visual interest and reduce hard outlines

Recycled rubber padding. Provides soft, safe play area while promoting sustainability initiatives.

# AMENITY COMMUNITY PLAZA // SUMMER

Drought tolerant flowers and bushes on low perimeter for visual interest and reduce hard outlines

Ability to use space for day or night events

Outdoor wood clad stage with possibility for live shows, displays, and events

Mix of greenspace and hardscape. Promotes walkability and lounge space

# AMENITY COMMUNITY PLAZA // AUTUMN

Drought tolerant flowers and bushes on low perimeter for visual interest and reduce hard outlines

Ability to use space for day or night events

Outdoor wood clad stage with possibility for live shows, displays, and events

Mix of greenspace and hardscape. Ability to host events in large open hardscape

# AMENITY COMMUNITY PLAZA // WINTER

Event stage can be used for seasonal displays

Mix of greenspace and hardscape. Ability to host events in large open hardscape

Weatherproof plaza material for use year round

# AMENITY COMMUNITY PLAZA

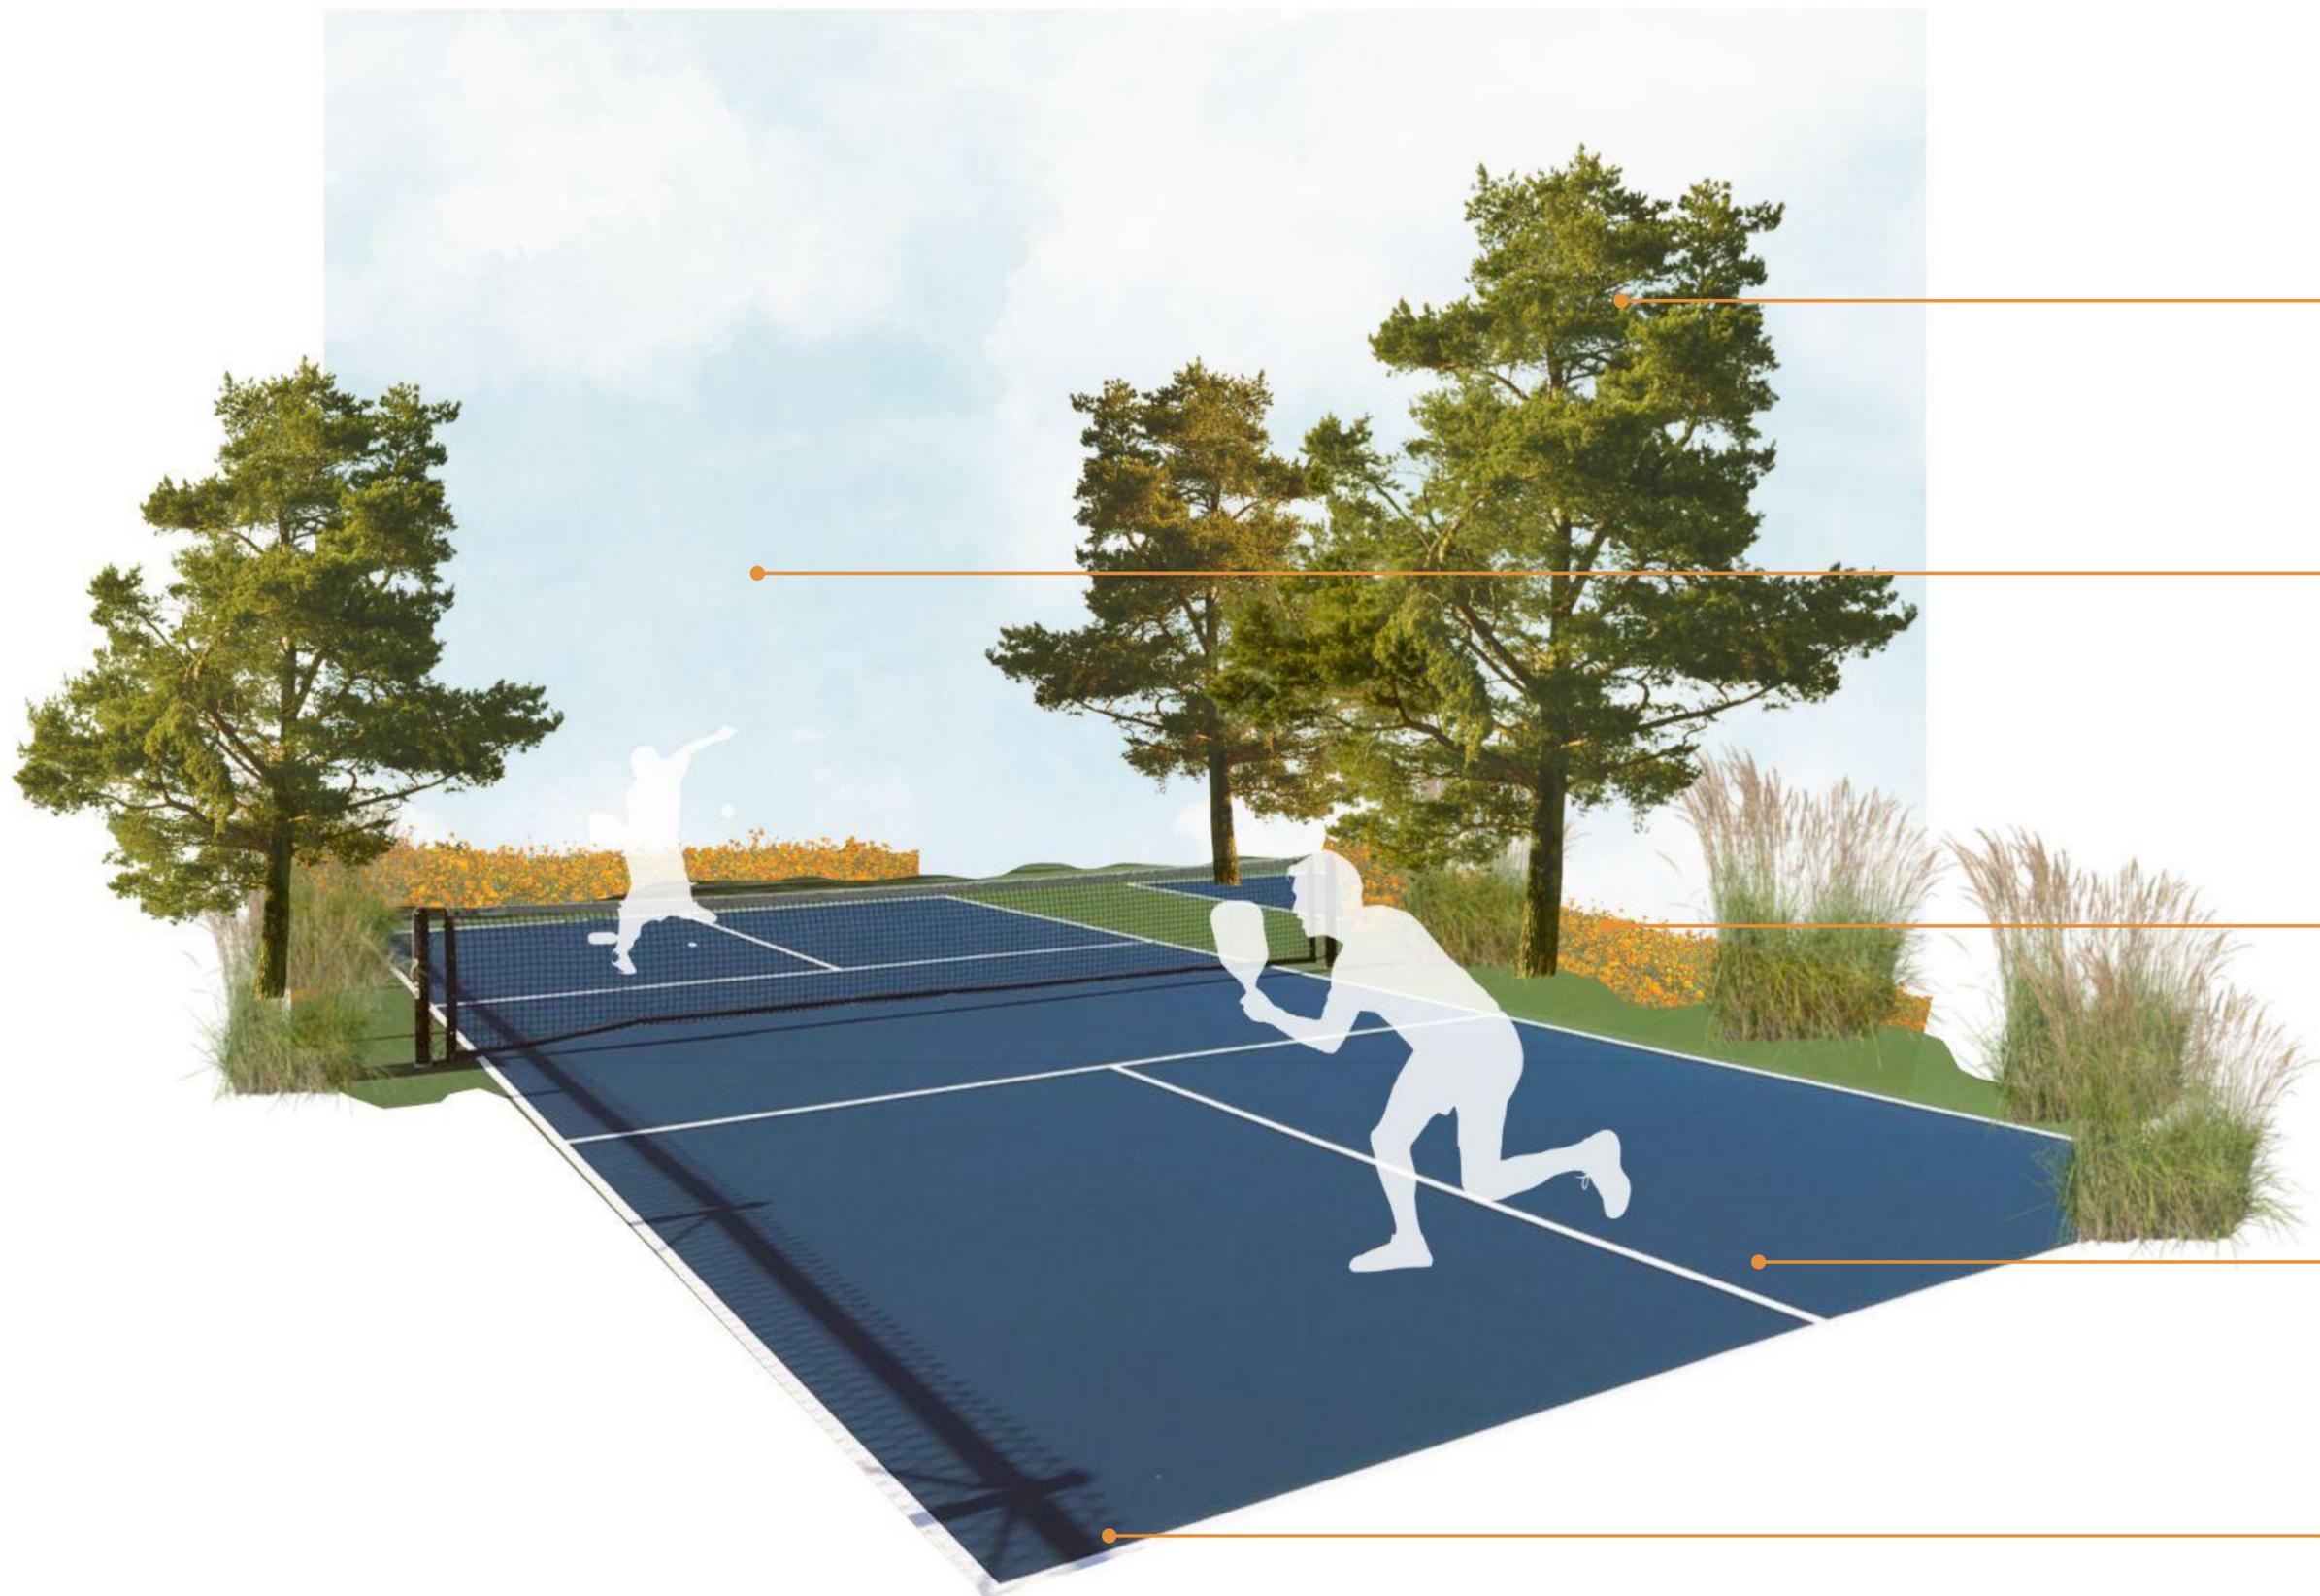

Ability to use space for day or night events

Outdoor seating for potential restaurant tenants and general tenant use

Mix of greenspace and hardscape. Promotes walkability and lounge space

## AMENITY PICKLEBALL COURT

Drought tolerant trees on perimeter for shading and reduce heat island effect

Courts are situated to capture great views of the surrounding mountains and promote safe play with openness

Drought tolerant flowers and bushes on low perimeter for visual interest and reduce hard outlines

Multi-use court could have multiple striping options for pickleball, half-court basketball, and other community sports

Porous pavement design to let rainwater drain to the ground, reduce water run-off

## AMENITY BOCCE BALL COURT

Rentable bocce balls to monitor use and preserve materials

Weather proof synthetic grass court to mimic real grass without maintenance

Located on site, easily accessible to tenants and visitors

## AMENITY BIKE FIX-IT STATION

Paved 12' wide multi use trail system to maintain a safe path for pedestrians, dog walkers, and cyclists.

Bike fix-it station. Includes all the tools necessary to perform basic bike repairs and maintenance, from changing a flat to adjusting brakes and derailleurs

## AMENITY BUS TRANSIT PICKUP

Final bus shelter location to be determined in conjunction with Park City Engineering and Transportation Departments. Final location TBD

Modern transit hub. Promotes community connectivity and ease of access to surrounding neighborhoods and amenities

Situated to capture great views of the surrounding mountains and landscape

Drought tolerant flowers and bushes on low perimeter for visual interest and reduce hard outlines

## AMENITY 6 COMMUNITY POCKET PARKS

Situated amongst landscaping to give tenants an opportunity to interact with nature right outside their homes

Parks provide areas of rest and reflection off of the trail system

Paved 12' wide multi use trail system to maintain a safe path for pedestrians, dog walkers, and cyclists.

**STUDIO CROSSINGS** incorporates multimodal transportation choices for reduced motor vehicle use. Reduces greenhouse gas emissions, air pollution, and other environmental and public health harms.

**STUDIO CROSSINGS** achieves increasing levels of energy performance to reduce environmental and economic harms associated with excessive energy use.

**STUDIO CROSSINGS** creates exterior open space that encourages interaction with the environment, social interaction, passive recreation, and physical activities. The development provides 5 more acres of open space over current MPD.

**2012 IBI PROPOSED OPEN SPACE**

**TOTAL SITE (LOT 1A + 1B)**

**495,713 sf = 11.60 acres = 39.3% (Within Property Lines)**

841,579 sf = 19.54 acres = 66.1% (Edge of Pavement)

**2022 UPDATE PROPOSED OPEN SPACE**

**TOTAL SITE (LOT 1A + 1B)**

**710,490 sf = 16.31 acres = 55.8% (Within Property Lines)**

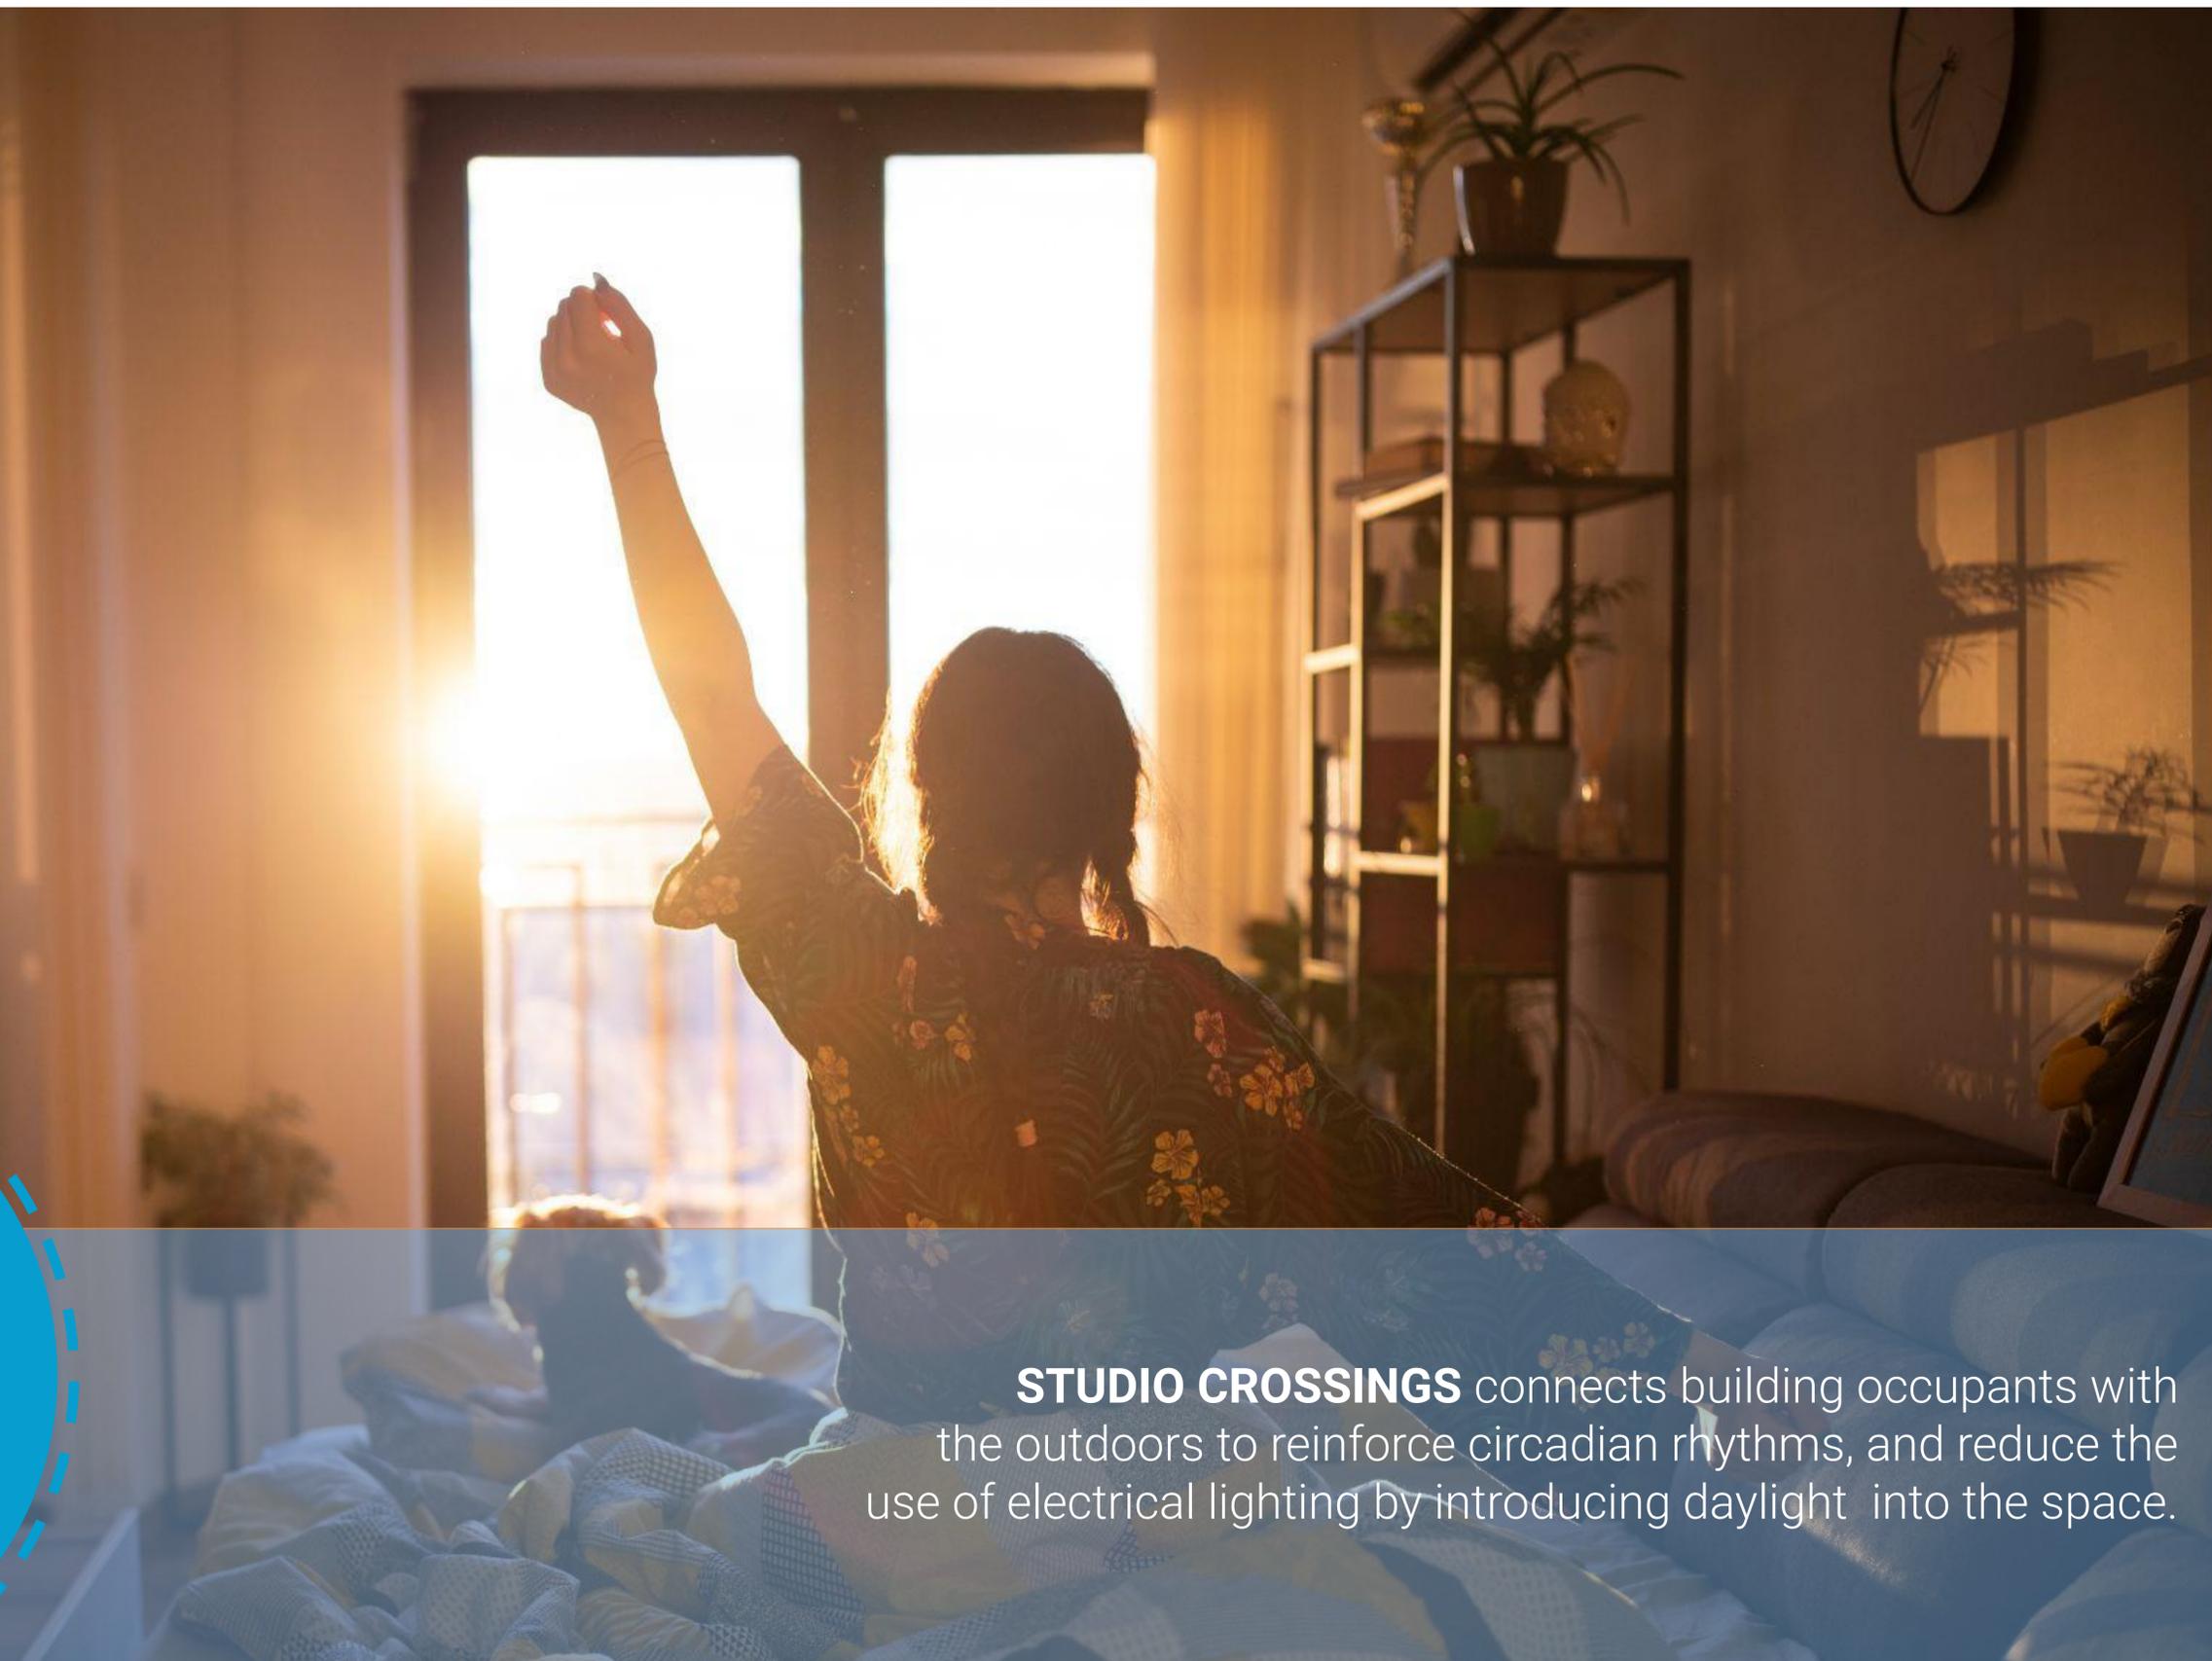

1,035,634 sf = 24.25 acres = 83% (Edge of Pavement)

**LOT 1B (GREEN) BY ITSELF**

**458,447 sf = 10.52 acres = 36% (Within Property Lines)**

804,313 sf = 18.46 acres = 63.17% (Edge of Pavement)

**STUDIO CROSSINGS** connects building occupants with the outdoors to reinforce circadian rhythms, and reduce the use of electrical lighting by introducing daylight into the space.

**STUDIO CROSSINGS** creates exterior open space that encourages interaction with the environment, social interaction, passive recreation, and physical activities.

MOISTURE CONTROL

SOURCING OF RAW MATERIALS

CONSTRUCTION & DEMOLITION WASTE MANAGEMENT

MATERIAL INGREDIENTS

STORAGE & COLLECTION OF RECYCLABLES

**STUDIO CROSSING** works to reduce the disproportionate burden of landfills and incinerators that is generated by building occupants' waste through reduction, reuse and recycling service and education.

*The applicant has committed to using water efficient low flow fixtures and Energy Star rated appliances in all units; designing the building envelopes to be energy efficient; using water wise native landscaping; and providing recycling locations throughout the site. The applicant is encouraging multimodal transportation choices by offering alternative modes of transportation on site including locating a bus station, e-bike share, connection to the rail trail, and providing covered bike storage in all buildings. In addition the applicant is proposing to reduce their overall parking to prevent excess paving and increase open space. All lighting will meet the City's Dark Sky Ordinance LMC § 15-5-5(J).*

***These measures are a recommended Condition of Approval.***
