SOQs will remain valid for 90 days after submission. PCMC reserves the right to reject any or all SOQs received for any reason. Furthermore, PCMC reserves the right to change dates or deadlines related to this RSOQ. PCMC also reserves the right to waive any informality or technicality in SOQs received when in the best interest of PCMC.

1. Introduction.

Park City Municipal Corporation (“PCMC”), located in Summit County, Utah, is soliciting written SOQs from qualified firms (“Respondents”) for the purpose of providing General Services for General, Water, and Stormwater System Engineering.

This is a solicitation for general engineering services including water and stormwater related services and is not related to any specific project. PCMC’s approach is to select qualified Respondents to create an “Approved Vendor List” that will be utilized to select vendors for future projects.

The Approved Vendor List will be used from its creation until March 4, 2027.

The PCMC Public Utilities Department and the office of the City Engineer encourage engineering consulting firms interested in providing services to PCMC to submit an SOQ in accordance with the following information.

1.1. General RSOQ and Submittal Information

In accordance with PCMC’s procurement policy, PCMC will select Respondents based on the SOQs to develop an Approved Vendor List. Subsequently, as future projects arise, PCMC will procure services using the Approved Vendor List. Some services may be acquired directly from vendors on the Approved Vendor List.

Other services may be acquired through an evaluation committee scoring the SOQs from the Respondents on the Approved Vendor List to rank Respondents for the specific project. PCMC would then negotiate the terms of an agreement with the highest ranked Respondent. If an agreement cannot be reached, PCMC would terminate the negotiation and begin negotiating with the next highest ranked Respondent until an agreement is reached. PCMC reserves the right to terminate negotiations with selected firms should PCMC determine it to be in PCMC’s best interest.

Respondents must ensure that they have the capability, expertise, and qualifications to provide the services described in the RSOQ and comply with all of the conditions set out. Failure to comply with any of the conditions may, at the discretion of PCMC, constitute grounds for rejection of the SOQ. PCMC reserves the right to award other system engineering related work to any other firm(s).

PCMC reserves the right to reject any and all SOQs submitted.

1.2. Tentative Project Schedule

The following tentative project schedule has been established for the RSOQ solicitation period and the future projects period. If a change in the solicitation schedule becomes necessary, all recipients of the RSOQ will be notified. The future project schedule is subject to change based on contract negotiations and will only be communicated with Respondents placed on the Approved Vendor List. The schedule

below does not include the potential tasks described in this document but outlines the anticipated future projects schedule. Schedules for specific tasks will be determined at a later date.

2. Scope of Project.

To assist with the preparation of a focused and responsive SOQ, this section is intended to provide Respondents with a brief background on the relevant departments within PCMC.

2.1. PCMC

PCMC Public Utilities provides culinary water to approximately 5,200 residential and business connections within Park City via a water treatment, supply, and distribution system. Public Utilities currently produces culinary water from multiple sources including treated surface water, wells, treated mine tunnel drainage, a spring (Thiriot Springs), and importation sources.

Public Utilities currently maintains and operates engineering support products such as an existing hydraulic water model, SCADA system, CMMS system, Water Master Plan, an AWIA required Risk Assessment and a Water Conservation Plan.

Public Utilities also operates and maintains a stormwater system consisting of piped and open channel conveyance networks, measuring devices, and detention basins. PCMC is an MS4 permittee.

The PCMC Engineering Division has the responsibility to coordinate, review and approve all privately funded public improvements. Additionally, the Engineering Division is responsible for the planning, designing, and delivery of capital projects

related to roadway reconstruction, sidewalk and curb ramp improvements, active transportation projects, and other transportation related improvements.

Additional information about PCMC can be found on its website at: www.parkcity.gov.

2.2 Needed Assistance

PCMC Public Utilities Department and Engineering Division routinely require assistance to supplement staffing resources in the areas of water and stormwater for studies, system modeling, planning and design, asset repair/renewal/replacement, and construction related services.

It is anticipated that multiple firms will be selected to create a vendor pool, based on the qualifications and expertise of the Respondents, to provide expertise and engineering services when PCMC identifies its available resources are exceeded.

As projects arise, a scope of services will be developed. PCMC may acquire services directly from the Approved Vendor List or an evaluation committee may be used to score SOQs from approved Respondents. PCMC may request additional information or interviews at that time. PCMC may negotiate fees with the top-ranking Respondent for specific project tasks and associated services.

SOQs will be scored by Area of Interest, and each SOQ scoring over 75 will be placed on the Approved Vendor List for the specific Area of Interest. Only Responsive, Responsible Vendors which meet the score thresholds will be included on the Approved Vendor Lists.

5. Selection Process for Specific Projects.

The evaluation committee will be comprised of qualified persons, which may include PCMC staff or representatives from other public and private stakeholders. The evaluation committee will open, review, and evaluate all SOQs for each Area of

Interest applied for, and an Approved Vendor List will be created for each Area of Interest.

5.1 Evaluation of Statements of Qualifications for Future Projects

The SOQs of approved vendors will be retained and reviewed for upcoming projects under contract before February 28, 2027.

For purchases below PCMC's small purchase threshold, PCMC will follow the Park City Procurement Rules to select approved vendors directly from the approved vendor list.

For purchases above PCMC's small purchase threshold, an evaluation committee will review and score SOQs of approved vendors based on the evaluation criteria identified with upcoming projects and scopes of services. The evaluation committee will be comprised of qualified persons, which may include PCMC staff or representatives from other public and private stakeholders. The evaluation committee will open, review, and evaluate all SOQs. The preliminary technical score for each SOQ will be the average of the combined scores of all Evaluation Committee members.

1. Ranking a Statement of Qualification

- a. After each SOQ is scored, it will be placed on a list, in rank order, with the highest scoring SOQ placed first and the remainder in descending order based on score.
- b. If SOQs cannot be ranked from the information provided in the SOQs or if additional information or clarification is required, PCMC may request additional information or may invite Respondents submitting the most highly ranked SOQs to interviews.

2. Interviews

- a. If applicable, Respondents invited to participate in an interview will be scored by the evaluation committee on their responses. The evaluation committee may use patterned questions and/or questions specific to the project to conduct these interviews. The evaluation committee may provide the Respondents with a copy of the questions and/or issues to be addressed and a format for structured discussions.
- b. Respondents should anticipate travel to PCMC for the interviews. The Respondent is responsible for any travel costs associated with participating in interviews. At the discretion of PCMC, discussions may be held via conference call or online video meeting.
- c. Upon completion of the interviews or information gathering, the evaluation committee may make adjustments to the preliminary scores and re-rank the SOQs. From the Respondents with which discussions are held, the evaluation committee intends to select, based upon the established criteria, the Respondent who is deemed to be the most highly qualified to provide the required services.

3. Notice of Selection

Subsequent to the SOQ evaluations, including reviewing any additional information and the interviews with Respondents, PCMC will notify the top-scoring Respondent(s).

4. Negotiations

Subsequent to the issuance of the Notice of Selection, PCMC will begin negotiations with the top ranked Respondent(s) for the final acceptable scope and fee.

The top ranked Respondent will be required to submit:

- a. A list of rates for key personnel listed in the SOQ.
- b. In the event that negotiations are not successful, PCMC may terminate the negotiation and enter into negotiations with the next highest scoring Respondent, and so on.
- c. Upon successful negotiations with the Respondent, PCMC staff will present a recommendation to City Council or the City Manager, as applicable, to enter into an agreement with the selected Respondent.

5. Contract Authorization

Award of a Design Professional Services Agreement is subject to approval by the City Manager or City Council.

The burden of claiming an exemption shall rest solely with each Respondent. Respondent shall submit any materials for which Respondent claims an exemption from disclosure marked as "Confidential" and accompanied by a statement from Respondent supporting the exemption claim. PCMC shall make

reasonable efforts to notify Respondent of any GRAMA requests for documents submitted under an exemption claim. Respondent waives any claims against PCMC related to disclosure of any materials pursuant to GRAMA. Please note the following:

- b. Respondent must submit a letter stating the reasons for the claim of confidentiality for every type of information that is stamped "Confidential." Generally, GRAMA only protects against the disclosure of trade secrets or commercial information that could reasonably be expected to result in unfair competitive injury. Failure to timely submit a written basis for a claim of "Confidential" may result in a waiver of an exemption from disclosure under GRAMA.
- c. For convenience, a Business Confidentiality Request Form ("BCR Form") is attached to this procurement as **Attachment 1**. Respondent must submit a completed BCR Form at the time of submission of any SOQ.

7. Ethics.

8. General Provisions.

- a. **No Representations or Warranty.** It is the responsibility of each Respondent to carefully examine this RSOQ and evaluate all of the instructions, circumstances and conditions which may affect any SOQ. Failure to examine and review the RSOQ and other relevant documents or information will not relieve Respondent from complying fully with the requirements of this RSOQ. Respondent's use of the information contained in the RSOQ is at Respondent's own risk and no

representation or warranty is made by PCMC regarding the materials in the RSOQ.

- b. Cost of Developing SOQs. All costs related to the preparation of the SOQs and any related activities are the sole responsibility of the Respondent. PCMC assumes no liability for any costs incurred by Respondents throughout the entire selection process.

DESIGN PROFESSIONAL SERVICES AGREEMENT

This Design Professional Services Agreement (“**Agreement**”) is between PARK CITY MUNICIPAL CORPORATION, a Utah municipal corporation (“**PCMC**”), and [insert NAME OF DESIGN PROFESSIONAL], a [insert state of incorporation or formation] [insert “corporation,” “limited liability company,” or other entity type] (the “**Design Professional**”).

PCMC and Design Professional want to enter into an agreement for the Design Professional to perform the services and tasks as specified below.

The parties therefore agree as follows:

ARTICLE 1 – SCOPE OF SERVICES.

- A. Scope of Services. Design Professional shall perform the services and tasks identified and designated as Design Professional responsibilities throughout this Agreement and as outlined in **Schedule A** attached to this Agreement (“**Scope of Services**”).
- B. Design Professional Representative. Design Professional designates [insert name of Design Professional representative] as the authorized representative vested with the authority to act on behalf of the Design Professional. Design Professional may change its designated representative by providing written notice to PCMC.
- C. PCMC Representative. PCMC designates [insert project manager name] or their designee as its representative who has the authority to act on behalf of PCMC.

ARTICLE 2 – TERM.

This Agreement will become effective as of the date the last party signed it as indicated by the date associated with that party’s signature. The term of this Agreement ends at midnight on [insert date in format MM/DD/YYYY] unless terminated sooner or extended as provided in this Agreement.

ARTICLE 3 – COMPENSATION, INVOICING, AND PAYMENT.

- A. Compensation. For performance of the Scope of Services, PCMC shall pay a total fee in an amount not to exceed \$[insert numeric dollar amount]. Any work performed beyond the defined Scope of Services requires a written request from PCMC. Compensation for such additional work shall adhere to the terms outlined in **Schedule B**, if attached. In the absence of a **Schedule B**, any compensation for extra work shall be determined based on a mutually agreed-upon written agreement between both parties.

- B. Invoicing and Payment. Design Professional shall invoice PCMC on a monthly basis for services completed during that period. PCMC shall pay Design Professional within 30 days of receipt of each invoice. Requests for earlier payment will be considered if a discount is offered for the earlier payment. For services that remain unpaid for a period exceeding 60 days, interest will accumulate at a rate of six percent per annum.

ARTICLE 4 – SERVICE STANDARDS AND COMPLIANCE WITH LAWS.

- A. Service Standards. Design Professional shall be responsible for the quality of all services performed by its employees, agents, subcontractors, and all other persons (collectively, “**Subcontractors**”) performing any services under this Agreement. All services shall be executed with competence and in conformity with the standard of care, diligence, and skill ordinarily exercised by other design professionals within the Design Professional’s field or with the same or similar professional license in the same or similar locality under the same or similar circumstances. Notwithstanding the above, if the nature of the Scope of Services requires specialized design expertise, then Design Professional shall perform the design services consistent with the specialized design expertise.
- B. Conformance to Laws. In providing services under this Agreement, Design Professional and its Subcontractors shall comply with all applicable federal, state, PCMC, and other local laws, regulations, and ordinances, including applicable licensure and permit requirements, regulations for certification, operation of facilities, and accreditation, employment laws, and any other standards or criteria described in this Agreement.
- C. E-Verify. Design Professional shall register and participate in E-Verify or an equivalent program for each employee employed within the state of Utah if this Agreement is entered into for the physical performance of services within Utah, unless exempted by Utah Code § 63G-12-302. Design Professional shall require that each of its Subcontractors, at every tier, certify under penalty of perjury that each Subcontractor has registered and is participating in E-Verify or an equivalent program, to the extent applicable.

ARTICLE 5 – RECORDS AND INSPECTIONS.

- A. Records. Design Professional shall keep any records, documents, invoices, reports, data, information, and all other material regarding matters covered, directly or indirectly, by this Agreement for six years after expiration of this Agreement. This includes everything necessary to properly reflect all expenses related to this Agreement and records of accounting practices necessary to assure proper accounting of all expenses under this Agreement.
- B. Inspection of Records. Design Professional shall make all of the records referenced in this section available for inspection to PCMC, its authorized representatives, the State Auditor, and other government officials authorized to monitor this Agreement by law.

Design Professional must permit PCMC or its authorized representative to audit and inspect any data or other information relating to this Agreement. PCMC reserves the right to initiate an audit of the Design Professional's activities concerning this Agreement, at the expense of PCMC, utilizing an auditor selected by PCMC.

- C. Government Records Access and Management Act. PCMC is subject to the requirements of the Government Records Access and Management Act, Title 63G, Chapter 2 of the Utah Code (“GRAMA”). All materials submitted by Design Professional related to this Agreement are subject to disclosure unless the materials are exempt from disclosure under GRAMA. The burden of claiming an exemption from disclosure rests solely with Design Professional. Any materials for which Design Professional claims an exemption from disclosure based on business confidentiality as provided in Utah Code § 63G-2-309 (or successor provision) must be marked as “Confidential” and accompanied at the time of submission by a statement from Design Professional explaining the basis for the claim. Generally, GRAMA only protects against the disclosure of trade secrets or commercial information that could reasonably be expected to result in unfair competitive injury. PCMC will make reasonable efforts to notify Design Professional of any requests made for disclosure of documents submitted under a claim of confidentiality. Design Professional specifically waives any claims against PCMC related to disclosure of any materials pursuant to GRAMA.

ARTICLE 6 – RELATIONSHIP OF PARTIES.

- A. Independent Contractor. The parties intend that Design Professional is an independent contractor and not an employee of PCMC. Except as specifically provided in this Agreement, the parties intend that Design Professional has no authority to act on behalf of PCMC.
- B. Subcontractor Relationship. The Design Professional shall have full control and authority over performance and activities of its Subcontractors throughout the execution of this Agreement. It is the sole responsibility of Design Professional to ensure that its Subcontractors adhere to the terms and conditions outlined in this Agreement. Furthermore, Design Professional shall bear full responsibility for any actions or omissions of its Subcontractors.
- C. Treatment of Assets. Neither party will have an interest in the intellectual property owned or licensed by the other party, unless otherwise agreed by the parties in writing. PCMC will become the owner of all deliverables, work product, and other materials specifically created by the Design Professional and its Subcontractors under this Agreement.

ARTICLE 7 – INDEMNIFICATION.

- A. Definitions. In this Agreement, the following definitions apply:

- (1) **“Indemnifiable Losses”** means the aggregate of Losses and Litigation Expenses.
 - (2) **“Litigation Expense”** means any reasonable out-of-pocket expense incurred in defending a Proceeding or in any related investigation or negotiation, including court filing fees, court costs, arbitration fees, witness fees, and attorneys’ and other professionals’ fees and disbursements.
 - (3) **“Loss”** means any amount awarded in, or paid in settlement of, any Proceeding, including any interest but excluding any Litigation Expenses.
 - (4) **“Proceeding”** means any investigation, claim, judicial, administrative, or arbitration action or lawsuit, or other cause of action of every kind or character, brought by third parties against PCMC, its agents, employees, or officers, that arises out of this Agreement or the performance of this Agreement by Design Professional or its Subcontractors or subconsultants of any tier, or anyone acting under Design Professional’s direction or control, including after the expiration or termination of this Agreement.
- B. Indemnification. Design Professional shall indemnify PCMC and its agents, employees, and officers against all Losses arising out of a Proceeding, to the extent caused by or resulting from the Design Professional’s breach of contract, negligence, recklessness, or intentional misconduct, or the negligence of Design Professional’s Subcontractor. If such Losses are caused by or result from the concurrent negligence of the PCMC or its agents, employees, and officers, this indemnity provision shall be valid and enforceable to the extent of the Design Professional’s breach of contract, negligence, recklessness, or intentional misconduct; or negligence of Design Professional’s Subcontractor.
- C. Reimbursement of Litigation Expenses. Design Professional shall reimburse PCMC for all Litigation Expenses to the extent they were incurred due to Design Professional’s breach of contract, negligence, recklessness, or intentional misconduct; or the negligence of Design Professional’s Subcontractor.
- D. Waiver. Design Professional expressly agrees that the indemnification provision herein constitutes the Design Professional’s waiver of immunity under Utah Code § 34A-2-105 for the purposes of this Agreement. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement. No liability shall attach to PCMC by reason of entering into this Agreement except as expressly provided herein.
- E. No Limitation. The indemnification obligations of this Agreement shall not be reduced by a limitation on the amount or type of damages, compensation, or benefits payable by or for the Design Professional or Subcontractor under workers’ compensation acts,

disability benefits acts, or other employee benefit acts.

- F. Interpretation. The parties intend that the indemnity and defense provisions in this Article shall be interpreted so as to be enforceable to the fullest extent permitted by law, but nothing herein shall be interpreted to violate public policy.
- G. Environmental Indemnity. Design Professional shall indemnify PCMC, its agents, employees, and officers for any Indemnifiable Losses from a Proceeding arising out of Design Professional's willful, reckless or negligent violation of federal, state, or local environmental laws or regulations, and shall include but not be limited to all cleanup and remedial costs, diminution in value of property, and any fines or fees imposed as a result.

ARTICLE 8 – INSURANCE.

At its own cost and expense, Design Professional shall maintain the following mandatory insurance coverage to protect against claims for injuries to persons or property damage that may arise from or relate to the performance of this Agreement by Design Professional, its agents, representatives, employees, or Subcontractors for the entire duration of this Agreement or for such longer period of time as set forth below. Prior to commencing any work, Design Professional shall furnish a certificate of insurance as evidence of the requisite coverage. The certificate of insurance must include endorsements for additional insured, waiver of subrogation, primary and non-contributory status, and completed operations.

- A. Commercial General Liability Insurance. Design Professional shall maintain commercial general liability insurance on a primary and non-contributory basis in comparison to all other insurance, including PCMC's own policies of insurance, for all claims against PCMC. The policy must be written on an occurrence basis with limits not less than \$1,000,000 per occurrence and \$3,000,000 aggregate for personal injury and property damage. Upon request of PCMC, Design Professional must increase the policy limits to at least the amount of the limitation of judgments described in Utah Code § 63G-7-604, the Governmental Immunity Act of Utah (or successor provision), as calculated by the state risk manager every two years and stated in Utah Admin. Code R37-4-3 (or successor provision).
- B. Automobile Liability Coverage. Design Professional shall maintain automobile liability insurance with a combined single limit of not less than \$2,000,000 per accident for bodily injury and property damage arising out of the ownership, maintenance, and use of owned, hired, and non-owned motor vehicles. This policy must not contain any exclusion or limitation with respect to loading or unloading of a covered vehicle.
- C. Professional Liability Insurance. Design Professional shall maintain professional liability insurance with annual limits not less than \$1,000,000 per occurrence. If written on a claims-made basis, Design Professional shall maintain professional liability insurance

coverage meeting these requirements for the applicable period of statutory limitation of claims (or statute of repose, if applicable) after completion of the Scope of Services or termination of this Agreement.

- D. Workers' Compensation Insurance and Employer's Liability. Design Professional shall maintain workers' compensation insurance with limits not less than the amount required by statute, and employer's liability insurance limits of at least \$1,000,000 each accident, \$1,000,000 for bodily injury by accident, and \$1,000,000 each employee for injury by disease. The workers' compensation policy must be endorsed with a waiver of subrogation in favor of "Park City Municipal Corporation" for all work performed by the Design Professional, its employees, agents, and Subcontractors.
- E. Umbrella/Excess Coverage. The insurance limits required by this section may be met by either providing a primary policy or in combination with umbrella / excess liability policy(ies). To the extent that umbrella/excess coverage is used to satisfy the limits of coverage required hereunder, the terms of such coverage must be following form to, or otherwise at least as broad as, the primary underlying coverage, including amending the "other insurance" provisions as required so as to provide additional insured coverage on a primary and non-contributory basis, and subject to vertical exhaustion before any other primary, umbrella/excess, or any other insurance obtained by the additional insureds will be triggered.
- F. Insured Parties. Each policy and all renewals or replacements, except those policies for Professional Liability, and Workers Compensation and Employer's Liability, must name PCMC (and its officers, agents, and employees) as additional insureds on a primary and non-contributory basis with respect to liability arising out of work, operations, and completed operations performed by or on behalf of Design Professional.
- G. Waiver of Subrogation. Design Professional waives all rights against PCMC and any other additional insureds for recovery of any loss or damages to the extent these damages are covered by any of the insurance policies required under this Agreement. Design Professional shall cause each policy to be endorsed with a waiver of subrogation in favor of PCMC for all work performed by Design Professional, its employees, agents, and Subcontractors.
- H. Quality of Insurance Companies. All required insurance policies must be issued by insurance companies qualified to do business in the state of Utah and listed on the United States Treasury Department's current Department of Treasury Fiscal Services List 570, or having a general policyholders rating of not less than "A-" in the most current available A.M. Best Co., Inc.'s, Best Insurance Report, or equivalent.
- I. Cancellation. Should any of Design Professional's required insurance policies under this Agreement be cancelled before the termination or completion of this Agreement, Design Professional must deliver notice to PCMC within 30 days of cancellation. PCMC

may request and Design Professional must provide within 10 days certified copies of any required policies during the term of this Agreement.

- J. Additional Coverage. Notwithstanding anything to the contrary, if Design Professional has procured any insurance coverage or limits (either primary or on an excess basis) that exceed the minimum acceptable coverage or limits set forth in this Agreement, the broadest coverage and highest limits actually afforded under the applicable policy(ies) of insurance are the coverage and limits required by this Agreement and such coverage and limits must be provided in full to the additional insureds and indemnified parties under this Agreement. The parties expressly intend that the provisions in this Agreement will be construed as broadly as permitted to be construed by applicable law to afford the maximum insurance coverage available under Design Professional's insurance policies.
- K. No representation. In specifying minimum Design Professional's insurance requirements, PCMC does not represent that such insurance is adequate to protect Design Professional from loss, damage or liability arising from its work. Design Professional is solely responsible to inform itself of types or amounts of insurance it may need beyond these requirements to protect itself.

ARTICLE 9 – NONDISCRIMINATION.

- A. Nondiscrimination. Design Professional shall not discriminate against any employee or applicant for employment because of race; ethnicity; color; pregnancy, childbirth, or pregnancy-related conditions; age, if the individual is 40 years of age or older; religion; national origin; disability; sexual orientation; gender identity; or military status.
- (1) Policy. Design Professional shall implement an employment nondiscrimination policy, if Design Professional does not already have such a policy, to effectuate the prohibition in this section; and
- (2) Subcontractor Flow-Through. Design Professional shall incorporate the foregoing non-discrimination provisions in all subcontracts or assignments under this Agreement and take action as required to ensure full compliance with the provisions of this non-discrimination policy.

ARTICLE 10 – ASSIGNMENT/SUBCONTRACTING.

- A. Assignment. Design Professional shall not assign any portion of its performance under this Agreement without PCMC's written consent. Consent must be sought in writing by the Design Professional not less than 30 days before the date of any proposed assignment. PCMC reserves the right to reject assignment without cause. Any purported transfer in violation of this section will be void.

- B. Subcontracting. Design Professional shall obtain advance written consent from PCMC for any Subcontractor not identified in the Scope of Services.

ARTICLE 11 – TERMINATION.

- A. Convenience. Either party may terminate this Agreement for any reason or no reason by giving the other party at least 30 days' prior written notice. This Agreement will terminate at midnight at the end of the 30th day after that notice is effective. Design Professional must be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination, according to the provisions of this Agreement.
- B. For Cause. If Design Professional fails to comply with any provision of this Agreement and fails to correct noncompliance within three days of having received written notice, PCMC may immediately terminate this Agreement for cause by providing a notice of termination to Design Professional.

ARTICLE 13 – MISCELLANEOUS PROVISIONS.

- A. Entire Agreement. This Agreement constitutes the entire understanding between the parties regarding the subject matter of this Agreement.
- B. Modification and Waiver. To be effective, any modification to this Agreement or to the Scope of Services must be in writing and signed by both parties. No waiver under this Agreement will be effective unless it is in writing and signed by the party granting the waiver (in the case of PCMC, by an individual authorized by PCMC to sign the waiver). A waiver granted on one occasion will not operate as a waiver on other occasions.
- C. Timely Performance. Design Professional shall complete the Scope of Services by any applicable deadline stated in this Agreement. Design Professional is liable for all reasonable damages to PCMC incurred as a result of Design Professional's failure to timely perform the Scope of Services required under this Agreement.

- E. Severability. The parties acknowledge that if a dispute between the parties arises out of this Agreement or the subject matter of this Agreement, it would be consistent with the wishes of the parties for a court to interpret this Agreement as follows: (1) with respect to any provision that it holds to be unenforceable, by modifying that provision to the minimum extent necessary to make it enforceable or, if that modification is not

permitted by law, by disregarding that provision; (2) if an unenforceable provision is modified or disregarded in accordance with this section, by holding that the rest of the Agreement will remain in effect as written; (3) by holding that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable; and (4) if modifying or disregarding the unenforceable provision would result in failure of an essential purpose of this Agreement, by holding the entire Agreement unenforceable.

- F. No Non-Party Rights. Nothing in this Agreement is intended to grant rights of any kind to any non-party or create third-party beneficiary rights of any kind.
- G. Force Majeure. For purposes of this Agreement, a Force Majeure Event means any event or circumstance, regardless of whether it was foreseeable, that was not caused by that party and that prevents a party from complying with any of its obligations under this Agreement, but a Force Majeure Event will not include any strike or labor unrest, an increase in prices, a change in general economic conditions, or a change of law. A party that is prevented by the occurrence of a Force Majeure Event from performing any one or more obligations under this Agreement will not be liable for any failure or delay in performing those obligations, on condition that the non-performing party uses reasonable efforts to perform. The non-performing party shall promptly notify the other party of the occurrence of a Force Majeure Event and its effect on performance. Thereafter, the nonperforming party shall update the other party as reasonably necessary regarding its performance. The nonperforming party shall use reasonable efforts to limit damages to the other party and to complete its full performance under this Agreement.

Each party is signing this Agreement on the date stated opposite that party's signature.
