PARK CITY POLICE EXPLORER PROGRAM

Strengthening Youth
Through Exploring

Law Enforcement

Exploring builds positive relationships in society and consistently guides people to work together for the good of their communities. Respectful interactions through the Exploring program help law enforcement and community members establish mutual trust and cooperation—key elements of community policing.

The program introduces young people to potential careers in law enforcement or related criminal justice fields. It also helps them grow in strength of character, respect for the rule of law, physical fitness, good citizenship, and patriotism. Through Exploring, young citizens gain an understanding of procedural justice while members of law enforcement gain a better understanding of the communities they serve.

Explorers will:

- Learn important leadership skills
- Gain respect for police officers
- Develop new personal skills
- Learn law enforcement protocols and procedures
- Opportunity to attend local and national competitions
- Network with professionals who work in these careers daily
- Learn about the educational requirements for a career in law enforcement

EVERYONE WINS WITH EXPLORING!

Benefits for Communities

Introduce youth to career opportunities through hands on programs that help them explore their interest alongside experienced professionals.

Encourage leadership development by involving youth in decision making and problem solving within their communities.

Benefits for Law Enforcement

Engage and recruit the next generation of law enforcement professionals with a deep-rooted interest in successful community policing.

Bring law enforcement and local residents together to address public safety issues.
